

What you need to know before applying:

When reviewing applications, we will take into account your previous speaking experience and the relevance of the topic.

1. Format

The following formats are planned:

- Presentations – individual talks, 30–40 min, 10 min for questions.
- Discussion – group talk, 15 min each.

2. Topics

At the festival the following topics will be discussed:

INNOVATION | TECHNOLOGY | SCIENCE | START-UPS

- Artificial intelligence
- Block chain
- Research
- Science commercialisation
- Start-ups, innovative entrepreneurship
- Digitalisation
- Robotics
- Youth and technology
- Development and policy of innovation and technology
- Intellectual and creative human potential
- Improvement of a product and/or individuality
- Mindfulness
- Women and technology
- Changing profession, new professions
- Travel in 21st century
- Green living

If you have a different topic or are an expert in something we haven't mentioned, don't hesitate to apply. We will review all applications and will be happy to add other topics to iNOVUSS 2019.

3. Applying

Please submit no more than three proposals.

Your details (name, surname, bio) and information about your presentation (topic, description) will be displayed at the festival's homepage. Your presentation will be recorded and displayed at LIAA Youtube account.

4. Selection of the participants

We will contact all the selected speakers no later than 30 April 2019.
